## President's Page—Bettye Bond

Dearest Cousins,

What a treat the Gladney Family Association has afforded Gene and me these last eleven years: Vice President 1995-97 and President 1997-2006.

To say we met all our goals would be an overstatement. To know that some of the goals were met is realistic and wonderful. We wanted to create and post a website to include History, Reunions, Cemetery Information, Descendants Serving in the War Between the States, a list of members who were in the DAR-SAR-UDC-DAC organizations, messages from the President, and update the lines from Mrs. Mildred Arnold's Gladneys In America book.

We hoped to publish a new book through the updates above – this was made possible by Tim and Jill Johnson, to complete the marking of the graves of our emigrant Revolutionary War Ancestors resting in the old Gladney Cemetery, to especially honor our Grandmother “the Widow Gladney”, to clean and straighten all the headstones and complete any needed repairs, to locate as many Gladneys as possible and invite them to become a part of our Family, to place the newsletter – Gladney Gram – on line to save postage and printing. One bonus was the contacts of unattached Gladneys in England, Ireland and within the United States.

A very personal goal was to locate and document all of my direct line: Samuel; Richard (youngest married son of Samuel); Jane Gladney Gibson. I am so pleased to have accomplish that goal. All siblings were located and descendants have been contacted. One goal, partially finalized, was finding the Samuel Bible (as we have the Richard Bible in Winnsboro, SC). AnnaBelle Gladney Hayward had the Bible and when Gene and I went to Columbia, SC to visit, she and I searched the house over and could not find the Bible. To come so close to actually place my eyes and hands on this emigrant Bible was both rewarding and depressing. Hopefully, the descendants will eventually be able

to locate the Bible. Gladney Brooks and Anna Belle Kibler both agreed to serve on the Board and Gladney's sister Jane Quick attended the 2005 reunion in Winnsboro with them.

Our family was started and continues to be, based on our need to know – more of our past, more of our present and more of each other. When we think of our ancestors, how humble we find our reactions. Could we have accomplished so much and left such a legacy as they? I am not sure! However, we are proud that they were so strong and helped pave the way for those of us today. We must continue to believe that we are each blessed and precious in the sight of God, our Ancestors and each other. We must always be aware that it takes continued hard work to make the Family survive and progress, above all it is for love: love of ancestors and love for each other.

As I depart this Presidency, I wish every Gladney Cousin the joy of anticipating family research and attending reunions, the concern for knowledge of unknown Gladneys and the love that flows from Gladney to Gladney in our veins. I must say Many Thanks to all the Past Presidents and Board Members who have given of their time, talents and wisdom. Our Family Association is what it is today because of all of you and your dedication. Never has a Family been so blessed as we, the Gladneys.

I have placed this article along with the recap of all those eleven years of activities on the Presidents News.html linked to the Home Page on the web <http://members.aol.com/retteacher/gladney.html>. Do visit that site.

May our Lord God Bless and keep You and Yours ever in His care.

Special Gladney Love,

Gene & Bettye Bond

## *CATHY'S CORNER*

My husband and I have fulfilled one of our lifelong dreams. We have just returned from a cruise to Alaska.

Alaska, The Great Land, was as beautiful and wild as I imagined. We planned our cruise at the beginning of the season so that we could enjoy the coolness in the air and the snow on the mountaintops. In the Atlanta area, we don't see much of either of those things.

Whenever I travel, I remember my parents. Growing up, we didn't have money to spare so we didn't travel as they would have liked. Instead, the mundane purchases of groceries and clothing took precedence.

Thanks to my Uncle Milton, my mother and I went on a short weekend trip to Florida when I was in junior high. My father didn't go because he couldn't miss work and didn't care for the hot weather that he knew awaited us.

One day, I will cross the Brooklyn Bridge and say my father's name. It was his dream to cross that bridge before he died. His dream died with him.

I look forward to traveling more as I grow older. I want to enjoy all that there is to see in this big old world we live in.

Thanks, mom and dad, for all that you did.
